| |1 of 1 people found the following review helpful.| Hypospadias Discovered! | By Deborah Ray |Oh my goodness! This is such a good book, and easy to read and understand. One special part in chapter 4 really caught my attention, because as a midwife, we discovered that as baby boy born to a set of parents had the following concern mentioned in this book. Now I know why. Here is the quote:" . . . and hypospadias, a condition in which

Endocrine Disrupted is written for the non-scientist. Many books exist on this subject but Endocrine Disrupted is easy-to-read and broken down into simple language for the average person seeking to improve their health. It is based on Ms. Rose's journey of multiple-chemical sensitivities, originating from the mercury fillings in her teeth and compounded by chemicals in cleaning supplies, cosmetics and processed foods. Sensitivites or symptoms, such as the wide-spread pai
